Colin Clarke: What Now for Wagner After Prigozhin’s Death

AUGUST 9, 2023

In this Orion Talks conversation, Dr. Colin Clarke discusses the implications of the killing of Yevgeny Prigozhin, the founder and leader of the Wagner Group, for the group’s future and its relationship with the Russian regime. He explains how the turmoil surrounding the Wagner may influence the group’s operations and relations in Africa, as well as its utilization by the Russian state for clandestine activities. He concludes by sharing his insights on whether Prigozhin’s death can have a significant impact on the course of the war in Ukraine.
