Senior Fellow Suleyman Ozeren Appeared On Asharq TV

MARCH 10, 2026

Our Senior Fellow Suleyman Ozeren appeared on Asharq TV to share his analysis on several aspects of the Iran war and its broader implications, including the regional and global implications of the war, Iran's strategy to expand the conflict into other countries, the potential involvement of Russia and China, the Trump administration's reported plan to leverage Kurdish separatists in Iran and the potential risks for the region, the EU's approach to the conflict, and how China may respond to a potential energy crisis if the war becomes a protracted conflict.
